G. C. L. JONEJA, Dy. Secy.

S.R.O. 92, dated 26th Feb. 1957.—In exercise of the powers conferred by the proviso to article 309 of the Constitution, the President hereby makes the following rules, namely:—

1. Short title and application:—

- (1) These rules may be called the Civilians in Defence Services (Field Service Liability) Rules, 1957.
- (2) They shall apply to civilian Government servants in the Defence Services of the Union, in the categories specified in Schedule I:

Provided that civilian Government servants (other than those employed in General Transport Companies) who are in service immediately before the commencement of these rules and who are not liable for field service under the conditions of service applicable to them, shall have the option, exercisable within

six months of such commencement, to decide whether these rules shall not apply to them and these rules shall cease to apply to any one who exercises the said option within the said period.

2. Definitions:—

In these rules, unless the context otherwise requires,

- (a) "civilian Government servant" means a Government servant holding for the time being any civil post in the Defence Services of the Union specified in Schedule I;
- (b) "competent authority" means an authority appointed to be the competent authority by the Central Government for the purposes of these rules;
- (c) "field service" means any service (including service afloat) in any area, whether in or outside India, which is declared by the competent authority to be field service for the purposes of these rules; and
- (d) "Schedule" means a Schedule annexed to these rules.

3. Medical standards of physical fitness of civilian Government servants:—

(1) All civilian Government servants liable for field service under these rules, shall be required to satisfy the medical standards set out in Schedule II and shall be liable to undergo medical examination in accordance with the provisions of the following subrule.

(2) All civilian Government servants shall be on the basis of the medical examination referred to in sub-rule (1), be classified into the following categories, namely:—

- (i) those who are found fit for field service—Category I;
- (ii) those who are found temporarily unfit for field service but fit for service in peace stations—Category II;
- (iii) those who are found permanently unfit for field service but fit for service in peace stations—Category III; and
- (iv) those who are found permanently unfit for service even in peace stations—Category IV.

(3) Every civilian Government servant who is placed in category I referred to in sub-rule (2) shall undergo medical examination once in three years, and every civilian Government servant who is placed in category II referred to in the said sub-rule shall undergo medical examination annually till he is placed in category I.

(4) (a) The medical examinations referred to in the foregoing sub-rules shall be conducted—

- (i) at the time when a civilian Government servant is required to proceed for field service, by an officer not below the rank of Commissioned Medical Officer; and
- (ii) at other times, by an officer not below the rank of Commissioned Medical Officer or by such other officer as the Central Government may from time to time prescribe, according as the civilian Government servant is a gazetted or a non-gazetted officer.

(b) Every Medical Officer conducting a medical examination under these rules shall submit a report to the authority concerned in the form prescribed in Schedule III.

5. Consequences when medical standards are not satisfied.—

(1) Every civilian Government servant placed in category IV referred to in sub-rule (2) of rule 3 shall be further examined by a Medical Board consisting of not less than three medical officers with registerable qualifications and if the Medical Board declares any such civilian Government servant to be permanently unfit for any kind of service, he shall be invalided from service.

(2) Every civilian Government servant placed in category II referred to in the said sub-rule on two successive occasions and every civilian Government servant

placed in category III shall forfeit seniority by five years, for purposes of promotion only:

Provided that this sub-rule shall not apply to any civilian Government servant who has completed twenty years' continuous service or who has attained the age of forty-five years:

Provided further that the Central Government may, during peace-time conditions, either wholly or partially, relax the operation of this sub-rule in the case of such civilian Government servants as it thinks fit.

6. Power to amend Schedule I:

The Central Government may, from time to time, by notification, add to, amend or alter Schedule I; and whenever a new category is added to the said Schedule, the proviso to rule 1(2) shall apply to civilian Government servants who are in service in that category immediately before the date of the notification aforesaid.

7. Penalty for avoiding field service:

When the Central Government or any authority empowered by it in this behalf is satisfied that any civilian Government servant is guilty of malingering or of aggravating or attempting to aggravate a disease with a view to avoiding field service, he shall, notwithstanding anything contained in rule 5, be liable to be dismissed from the service of the Government.

SCHEDULE II

[See rule 3(1)]

Regulations as to the Physical Examination of Civilians subject to field service

To be passed as fit for field service, a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of his appointment while on field service.

2. The candidate's chest will be measured as follows:—

He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder blade behind and lies in the same horizontal place when the tape is taken round the chest. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times and the maximum expansion of the chest will be carefully noted, and the minimum and maximum will then be recorded in inches, 33—35, 34—36½, etc. etc. In recording the measurements fractions of less than $\frac{1}{2}$ inch should not be noted. A minimum expansion of 2 inches will be required.

3. The candidate will also be weighed and his weight recorded in pounds. Fractions of a pound should not be noted.

4. The candidate's eye-sight will be tested in accordance with the following rules. The result of each test will be recorded:—

- (1) General: The candidate's eyes will be submitted to general examination directed to the detection of any disease or abnormality. The

candidate will be rejected if he suffers from any squint or morbid conditions of eyes, eye-lids or contiguous structures, of such a sort as to render, or to be likely at a future date to render him unfit for service.

- (ii) Visual Acuity: The examination for determining the acuteness of vision includes two tests, one for distant, the other for near, vision. Each eye will be examined separately.

The following standards will be applicable:

	Better eye	Worse eye
Distant vision corrected with glasses	6/6	6/18
Near vision with or without glasses	0.8	1.0

In cases with myopia over—6, fundus examination must be conducted to eliminate the presence of any progressive disease.

(a) Each eye will be examined separately and the lids must be kept wide open during the test.

(b) Inability to distinguish the principal colours will not be regarded as a cause for rejection but the fact will be noted in the proceedings and the candidates will be informed.

(c) Each eye must have a full field of vision as tested by hand movements.

(iii) The degree of acuteness of vision of all candidates for appointment will be entered in the proceedings in the following manner:—

V. R. ; with glasses — ; Reads

V. L. ; with glasses — ; Reads

Note: No candidate will normally be accepted as fit if his vision does not come up to the requirements specified above unless the Medical Officer/Board considers that deficiency is not likely to interfere with the performance of his duties by the candidate.

5. The urine (passed in the presence of examiner) should be examined and the result recorded.

6. The following additional points should be observed:

(a) that the candidate's hearing in each ear is good and that there is no sign of disease of the ear;

(b) that his speech is without impediment;

(c) that his teeth are in good order and that he is provided with dentures where necessary for effective mastication (well-filled teeth will be considered as sound);

(d) that the chest is well formed and his chest expansion sufficient; and that his heart and lungs are sound;

(e) that there is no evidence of any abdominal disease;

(f) that he is not ruptured;

(g) that he does not suffer from hydrocele, a severe degree of varicocele, varicose veins and piles;

(h) that his limbs, hands and feet are well formed and developed and that there is free and perfect motion of all his joints;

(i) that he does not suffer from any inveterate skin disease;

(j) that there is no congenital malformation or defect;

(k) that he does not bear traces of acute or chronic disease pointing to an impaired constitution;

(l) that he bears marks of efficient vaccination; and

(m) that he is free from communicable disease.

When any defect is found it must be noted in the certificate and the medical examiner should state his opinion whether or not it is likely to interfere with the efficient performance of the duties which will be required of the candidate while on Field Service. If the condition is remediable by operation it should be so stated.

There is no right of appeal from the findings of a Medical Officer/Board about fitness for Field Service. If, however, the appointing authority is satisfied on the evidence produced to them of the possibility of an error of judgment in the decision of the first Officer/Board, it is open to the appointing authority to allow an appeal to a Second Officer/Board, if such appeal is made within one month from the date of the communication in which the findings of the Medical Officer/Board are communicated to the candidate.

If any medical certificate is produced by a candidate as a piece of evidence about the possibility of an error of judgment in the decision of the first Medical Officer/Board, the certificate will not be taken into consideration unless it contains a note by the medical practitioner concerned to the effect that it has been given full knowledge of the fact that the candidate has already been rejected as unfit for service by a Medical Officer/Board.
